

When is Enough Enough?

by Trinity Burrow

When is enough enough?
Is it when you're too old?
Is it when you're at the top?
Is it when you gave everything you could?
Is it when your favorite show ends?
When is enough enough?
Is it when you change who you are to be with someone?
Is it when you are happy with your appearance?
Is it when you feel confident?
Is it when you make the team?
Is it when you make some one feel worthless?
When is enough enough?
Is it when you get the perfect grade?
Is it when you're done with school ?
Is it when you get a scholarship?
Is it when you move out?
Is it when you retire ?
Everyone thinks "is it done yet" or "maybe if I do this, I can do this".
Looking into to the future is great , everyone does it.
But sometimes things go too far, or we fall short of our goals.
When you start a new job you don't think what happens when I get fired.
Or when you ace a test, the next time you might think that you don't have to study as hard because you
did so well.
We don't fully plan a head.
And sometimes we don't know when to stop.
But most things end and we don't plan for what happens next.
