

Jellyfish

Supplies you will need:

One paper plate

One sheet paper

Scissors

Crayons

Paper Streamers

Glue stick

1. Cut the paper plate in half.
2. Color one side of the paper plate.
3. Cut eight paper strips of equal length (about 1"x12" strips) from the paper streamers. Scrap paper could also be used to cut paper strips.
4. Glue the paper strips to the back of the paper plate to make jellyfish tentacles.
5. To make the eyes, cut out 2 paper circles.
6. Glue the two circles to the paper plate.
7. Color the center of the paper circles to make jellyfish eyes.
