Early Literacy Tip

Knowing the names of things is important. Games and songs like Head, Shoulders, Knees and Toes can help children learn the names of their body parts. Sing this song if you know it and if you don't just say to your child, "I Wonder if you can find your belly." Wait. "Yes, that's your belly!" "Can you find your toes?" Do all the usual body parts and then get more complicated with wrist, elbow, shin, ankle, etc
